OBJECTIVE

Recent IT graduate with strong analytical and teamwork skills proficient in database and web technologies with a passion for solving complex through technology. Eager to contribute to innovative IT projects, enhance professional expertise and grow within a forward-thinking organisation.

EDUCATION

BHANDARKARCE ART'S AND SCIENCE COLLEGE KUNDAPURA   **June 2022-June 2025**
BCA- BACHELOR OF COMPUTER APPLICATION   **CGPA-9.14**

SKILL

PROGRAMMING LANGUAGES
Python, PHP, C Programming

WEB DEVELOPMENT
HTML, CSS, JavaScript

Databases
MySQL, Oracle

Others
Data structure, Algorithms, Object Orientated Programming

CERTIFICATIONS

ChatGPT & Al Tools Workshop
Cyber Security and Applied Ethical Hacking

ACADEMIC PROJECTS

Seminar Hall Management System (Final Year Project)

- Duration : November 2024 to April 2025
- Technology used : Python, Django, SQLite
- Tools used : HTML, CSS, JavaScript, Bootstrap
- Features: Adding new Seminar Halls, viewing and updating schedules , notification system, payment procedure and generating reports for hall optimization.
- Description : A web based application to manage seminar hall bookings, and schedules and participants details efficiently. Developed using Django frame work with MySQL/SQLite database backend. The application ensures conflict-free bookings easy management of events.

EXTRACURRICULAR ACTIVITIES

Computer Science Association

- Participated in technical events, coding contests and workshop to enhance programming and teamwork skills.
- Assisted in organizing departmental seminars and hackathons.
- Collaborated with peers on mini-projects and tech awareness programs.
